

The background of the slide is a faded, high-angle photograph of a coastal city and harbor. In the foreground, a large white and yellow ship, possibly a ferry or tugboat, is docked at a pier. The water is calm, and the city buildings are visible in the distance under a hazy sky.

Coastal Zone Canada 2014

June 15-19th

Halifax, NS

ANNOUNCEMENT

January 17, 2013

Bedford Institute of Oceanography

Coastal Zone Canada Conference Series

- Canada's premier international conference on coastal and ocean issues
- First conference held in Halifax in 1994 with 800 participants
- CZC 2014 will be the 11th biennial Conference
- Lead organization is the Coastal Zone Canada Association (CZCA)
- Organizing Committee is responsible for conference planning

Coastal Zone Canada Association

“The CZCA is a nationally incorporated non-profit society of coastal zone management professionals and others interested in and supportive of Integrated Coastal Zone Management goals in Canada and abroad.”
