Comments on the ACZISC Brand

- ▶ ACZISC – always hard to tell someone this name.
 - ▶ COINAtlantic as just another project of the ACZISC.
 - ▶ ACZISC to remain as the "owner" or responsible party for all projects.
 - ▶ The ACZISC as a group has been around longer.
 - ▶ ACZISC has such a long history.
- 

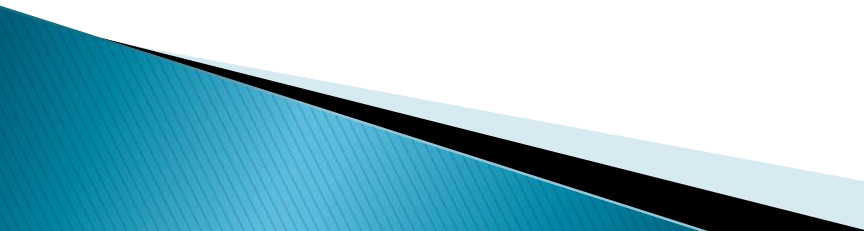

Comments on COINAtlantic Brand

- ▶ COINAtlantic is seen to be about technology and mapping, ACZISC is more.
 - ▶ Need to maintain some reference to ACZISC maybe in a “History of COINAtlantic” section on the website.
 - ▶ COIN easier to say and recognize and more clearly defines what we are about.
 - ▶ COIN is confusing – Is it about money?
- 

Comments on COINAtlantic Brand

- ▶ Coastal and Ocean Information Network Atlantic
 - COIN has both ocean and coast
 - Network recognizes the importance of people
 - ▶ There would be a need to explicitly promote / broaden COIN beyond digital / geospatial focus.
 - ▶ The new website COINAtlantic has a more prominent branding opportunity online.
- 

General Comments

- ▶ We are not just about mapping and data but connections, partnerships, projects that promote integrated coastal management.
 - ▶ We should be about “getting doers doing” and not do so much ourselves.
 - ▶ Cuts are limiting member contributions and participation.
 - ▶ Is there a need for a refocused mandate and delivery e.g. one 2–3 day meeting each year with a focussed agenda.
 - ▶ Focus remains a challenge.
- 

Strategic Plan Priorities

- ▶ Encouraging action on the implementation of Integrated Coastal and Ocean Management (ICOM) as a tool to realize environmental, economic and social sustainability.
 - ▶ Collaborative sharing of data and information between members and with the wider ICOM CoP on the ICOM issues of priority to members.
 - ▶ Encouraging the engagement of organizations in the ACZISC that is reflective of the diversity of the ICOM CoP.
